## TARA MEINERT

### How long have you been at Studio 320?

I opened the studio in the Fall of 2003. We've come a long way!

### How did you get started in dance and teaching?

My mom signed me up at the local dance studio "One Little Step" in Kearney, when I was 3 years old. I was hooked from day 1! I started assisting my teacher as a cadet when I was 13. My Dad built me a studio in our basement where I taught "private lessons" to my friends and my sister (whether they liked it or not.) Like many of my own students, I was also a KHS Golden Girl and a Kansas City Chiefs Cheerleader, but my passion was always singing, dancing and theater. After college, I started teaching at my childhood studio again, and then bought the business when my teacher was ready to retire. Studio 320 Dance was born!

### What do you do when you aren't teaching at 320?

When I'm not at the studio, I'm dreaming about the studio. I also love to travel, preferably with my husband, Nathan, and my chihuahua, Hammy. My favorite hobby is sitting on a patio with my girlfriends on a warm, sunny day - usually discussing dance.

### What's the funniest thing a student has ever said to you?

I like when they ask if Nathan is my Dad. 😊 Dance kids will keep you humble by pointing out your every flaw, but they also give out some of the sweetest compliments.

### 3 words your students would use to describe you?

Loud, Loving, Late

## ANDREA LYNGAR

### How long have you been at Studio 320?

22 Years(ish)

### How did you get started in dance & teaching?

My mom put me in dance when I was 2.5 years old. I started teaching while I was still in college, when 320 first opened. I loved being a MIZZOU Golden Girl and Chiefs Cheerleader!

### What do you do when you aren't teaching at 320?

I have taught elementary school for 15 years at Southview Elementary. My husband, Adam, and I are celebrating 20 years of marriage this year! Our son, Larson, is a freshman. Our daughter, Ardyn, is in 6th grade and a dancer at 320. We love to travel when our busy schedules allow!

### What's the funniest thing a student has ever said to you?

Mostly questions or comments about how old I am. 😂

### 3 words your students would use to describe you?

I'm not sure, but I would guess something about being a perfectionist, detail oriented, or high expectations.

## ERIN “STIPO” STIPANOVICH

**How long have you been at Studio 320?** 19 years

**How did you get started in dance & teaching?**

I started dancing when I was three and never stopped! My mom put me in a little recreational class at the community center, and I was hooked! I started classes at Creative Arts Academy and danced there until I graduated from high school. I danced on my high school dance team, and later was a Mizzou Golden Girl. I wasn't ready to hang up my pom poms, so I moved on to the NFL as a Chiefs Cheerleader. When I married and had my first baby, I knew teaching was next on my dance journey, and that led to becoming a dance mom! I wouldn't trade a minute of this dance life!

Some of my favorite dance moments include marching in President George W. Bush's inauguration parade, dancing at multiple NCAA basketball tournament games, and cheering for two years at Arrowhead Stadium...but my very favorite dance memories come from watching my own three girls shine on stage.

**What do you do when you aren't teaching at 320?**

I teach 5th grade at St. James Catholic School—and I'm also the librarian! My husband, Ted, and I have five kids, so when I'm not at school or teaching at the studio, I'm running around like crazy to their activities!

**What's the funniest thing a student has ever said to you?**

“Miss Tara?” or “Miss Kelsi?” So many cases of mistaken identity!

**3 words your students would use to describe you?**

I had to ask my toughest students (aka my daughters) to help me with this one...they said positive, kind, and nurturing.

## KELSI HOYT

**How long have you been at Studio 320?**

This is my 13th season!

**How did you get started in dance & teaching?**

I began dancing at the age of 2! My mom saw an ad in the local newspaper that a dance studio was opening up nearby. After that, the rest is history! I danced and competed all the way through childhood and high school and went on to pursue a BFA in Dance from Stephens College in Columbia, MO. After graduation, my now husband and I moved to the Kansas City area and I was looking for a teaching gig and I landed at Studio 320. I had no idea that my time here would become what it is now! I am forever grateful for the family, friends, and relationships I've gained!

**What do you do when you aren't teaching at 320?**

First and foremost, I'm a wife to Matt, mom to Maddyn (7) and Kamden (2), and dog mom to two black labs, Houston and Hazel! When I'm not at the studio (which is a lot) you can catch me on the mic, taking class, or training fellow teachers at Pure Barre Liberty!

**3 words your students would use to describe you?**

Intense, Passionate, and hopefully FUN (sometimes)

## LINDSAY (KOCYON) LINDSAY

I taught at studios in Clinton and Warrensburg during college, then back to CAA until it closed, and I came to 320!

### What do you do when you aren't teaching at 320?

I am an office manager at a mental health company. I work with caseworkers and therapists. I have an eight-year-old daughter (Alice) who is on Company, a 7-month-old son (Elias), a pet cat (Figaro) and of course, my husband (Andrew!)

## TESSA MINDER MCCOY

### How long have you been at Studio 320?

### What do you do when you aren't teaching at 320?

I've been married to my husband Connor for 3 years and we have twin girls Holland and Adaline. One in heaven, one hopefully to be a future dancer. We enjoy a lot of time at the lake.

## AVA YARC O'CONNOR

I have been teaching at 320 for 2 years! I am also a 320 alum and danced for 11 years at 320.

### How did you get started in dance & teaching?

I have been dancing my whole life and always knew I wanted to be a dance teacher. I ran into Tara at a competition a few years back and told her I would love to teach at 320 if the opportunity arose. The following season, I started teaching at 320!

### What do you do when you aren't teaching at 320?

Outside of teaching dance, I work at Kearney Junior High School as a paraprofessional. Outside of work, I spend most of my time with my husband and my family. A few of my hobbies include working out, diamond painting, and shopping!

My oldest is the starting Tight End for Missouri Baptist University so we spent this past fall traveling all over the Midwest to cheer for him and his team. My husband became a master tailgater and had students lining up to get some of his food.

When life is a little slow, I LOVE to make costumes for our sweet dancers that compete. So fun to see a sketch or idea come to life and hit the stage!

**How did you get started in dance & teaching?**

I grew up dancing and competing at a studio here in Kansas City. Even as a teen, I loved assisting younger classes and helping with choreography. After college, I went back often to visit my childhood dance studio while my nieces were competing there. My former teacher asked if I would be interested in teaching some summer classes which was the starting point of over 15 fantastic years teaching there. When she retired and closed her studio doors in 2018, our search for a new dance home lead us to Studio 320. I've loved being a part of this amazing dance family for the last 8 years.

Outside of the studio, my husband Hans and I are parents to three wonderful kiddos and we try to soak up as much family time between everyone's busy schedules as possible. I am also a full-time teacher by day, finishing my 19th year teaching at Pembroke Hill School.

### How long have you been at Studio 320?

I have been with Studio 320 since June 2017

### How did you get started in dance & teaching?

I started dancing in 2009 in Vietnam (my freshman year of high school). I started by learning from street dancers and watching youtube videos from American dancers. Those were the days when you put on a youtube video, went to eat dinner, came back, and the video had fully loaded so you could start watching without it buffering lol. Then I started my dance crew with a few friends, which is now one of the biggest dance crews in Vietnam. Then I came to the U.S. in 2013, joined the dance scene here in Kansas City, got to train with different dancers around the city. I'm also a street dancer so I competed in many competitions and battles, representing KC. Since my background is also choreography, I started to teach a few kids classes. Then one day, Tara reached out to me to come do a guest class at 320, that was when it all started.

My favorite experience: Since I came to the U.S. knowing nobody and not speaking English well. Dance was the bridge connecting me to everyone. Dance truly was the most important thing that created the life I have today, the people that I met, all the beautiful experiences that I've had, are all because of dance.

### What do you do when you aren't teaching at 320?

Outside of teaching dance, I'm currently pursuing my career as a videographer, creative director, and entrepreneur specializing in cinematic storytelling and content creation, helping brands and individuals bring their stories to life through creative media. I also travel back to Vietnam when I have a chance to visit my family who still lives there.

### What's the funniest thing a student has ever said to you?

I don't know, I feel like they say something funny every week (lol). They always call me funny names like, Zennifer, Zenny McPenny, etc. I just love that all the kids feel comfortable around me, so they always make fun of me.

### 3 words your students would use to describe you?

3 words they would use to describe me: Creative, Fun, Swag
